

# Just To Let You Know...

# Willow & Hazel

Below is a link demonstrating how to pronounce the different sounds we teach.

[http://www.youtube.com/watch?v=BqhXUW\\_y-1s](http://www.youtube.com/watch?v=BqhXUW_y-1s)

In maths we have been singing lots of number songs to 10 and counting objects carefully.

Both classes have learnt a great favourite- 'Zero zero super hero.' Please ask your child if he/she can sing it to you. There are actions too!

## Cooking

Every few weeks we like to run a cooking session with the children. As well as it being an opportunity to try new foods, it's great for teaching maths, science and taking turns!

We would be very grateful if you could donate £5 to help cover the cost of ingredients. Thank you for the money that has been brought in so far. Thank you!

## WOW Sheets

In the corridor is a wallet of WOW sheets. If your child learns to do something or experiences something new we would love to hear about it! It doesn't need to be in great detail-just a few sentences with a drawing or even a photo to add to your child's learning journey please.

A plea from Julia, our games teacher: Please encourage your children to dress themselves at home as this will really help when they start changing for PE!

## Wild Place

We are hoping the weather will be good enough for us to go this Wednesday!

If you are able to join us, please let Sian and Sarah know or sign up on the list in the corridor.

We leave at 1.30pm and will be back for home time at 3pm. If you think you'll be helping fairly regularly, could you please see Jane in the office about getting a DBS form.

## Next Week

Willow will be learning c,k ,ck, e, and h

Hazel will be learning r, m, and d

We will also be reciting numbers in order to 20 and working on recognising numbers to 10. We will ask the children to show us eg 5 fingers, 7 fingers etc. We will begin to teach the formation of the numbers 0-5.
