

Just to let you know...

Maths

This week in maths we have been learning how to multiply using the grid method. This has helped reinforce their work last week on multiplying by 10, 100 and 1000. Use the below game to brush up on your times tables!

HOMEWORK

Children will be bringing home any work they have yet to finish in class.

We have also set a mathematics activity for them to complete - please encourage them to do this.

In preparation for our house poetry competition, we have asked the children to learn their favourite poem ready to perform it on Tuesday.

Please remember that we are off to Hampton Court on Wednesday 8th October! Please remember a pack lunch!
Thank you for all of your kind offers to help. Both coaches are now completely full so if you haven't heard from us we will put you at the top of our list for our next trip.

Literacy

In literacy this week we looked at the reformation. The children decided whether they were for or against Henry and Catherine's divorce and wrote a persuasive letter to the pope outlining their argument. We were very impressed with some of the persuasive language they were able to generate!

Ask your child what their point of view was and why!

Spellings are:

GROUP 1:

- listen
- watch
- column
- autumn
- honest
- rhyme
- Tongue
- doubt

GROUP 2:

- subtle
- isosceles
- gnome
- technique
- knowledge
- listen
- sword
- autumn
