

JTLYK Year One
Friday 5th June 2015

Maths

This week we have been practising writing numbers from 0-100. The children have enjoyed counting in 2s, 5s, 10s and making number bonds in different ways:

$9+3=12$, $15-3=12$, $20-8=12$ etc

Thank you for sending the children to school in such fabulous pirate costumes on Monday. We had a super day and it was a great start to our new topic. The children were very excited to find a bottle with their name on it and a message inside! We will see what other treats appear in the bottles over the half term! We learned some interesting facts about the UK this week including our capital cities.

Please remember to send a named water bottle and a sun hat every day for your child now that the weather is getting warmer!

Have a super sunny weekend.

Emily and Sheena :))

Library visit 25th June

We will be visiting Guildford Library on 25th June and we have forms that we will send home for children to fill in to get a library card if they don't yet have one. The children will be able to take out books if they already have library cards.

Can you help us?

Our pirate topic involves learning all about different countries. We are finding out how they are different or similar to the UK. We would love to hear from you if you would feel happy to talk to the children about countries that have any kind of connection with. Even if you have just visited and enjoyed a country we would love to hear from you. Pop in and let us know. :)

Phonics

We had a lovely morning on Thursday up at the Wild Place practising our phonics with fun games and fresh air! Please practise the phonics lists of real and nonsense words this weekend in the Sound of the Week books.
