

Maths

We have consolidated our learning on column subtraction. We have begun to apply our understanding to worded multi-step problems. The method we have used is the RUCSAC method which helps us to unpick what a question is asking.

Topic and English

We have focussed on the soldiers of ancient Greece this week. We have been learning about their clothing and weapons, their tactics and diet as well as some detail about the Battle of Marathon. This has been linked to our English work where we have been finding out about the key features of non-fiction texts.

Below is a great link if you would like to find out more!

Notices

Sport Relief: On Thursday 17th March Year 3 will be taking part in Sport Relief by running a mile on the downs. Please can you ensure that your child does have the **correct PE kit** for this and that they bring **£2** with them as a donation.

Church Service: Our Easter service will be held on the morning of Wednesday 23rd March. If you are able to volunteer to help walk the children down to the church and back please email your child's class teacher.

Greek Topic Celebration: On the afternoon of Wednesday the 23rd March we will be holding a celebration of our learning from this term. This will be held in the chapel and will start promptly at 2:15pm. There will be Greek style refreshments available from 2pm; please use this time to look at the work on display. Please could you send your child in with their Greek costume in a named plastic bag on this day.

End of Term: The last day of term is Thursday 24th March. School finishes at 1:45pm.
