

Year One Beech and Oak 7th October 2016

Maths

Thank you for coming to our Maths day this week. It was great fun to show you some of our hands on Maths learning and we hope that you enjoyed seeing the range of activities.

It would be lovely to hear your thoughts and experiences from the day. Please could you email Claire
Clairec@htpd.surrey.sch.uk

Thank you

Next week we will be working on subtraction. We will be using practical equipment as well as beginning to record the subtractions as number sentences.

Art and Nature Walk

We enjoyed an afternoon of appreciating all the wonderful Autumn sights, smells and textures in our school grounds.

Welcome !

Year 1 loved showing Hazel and Willow their topic books, doodle books and all around their classrooms. We enjoyed a snack of carrots and raisins together and we finished the visit by reading a Superhero story!

Fluffy 14th October

This is a lovely opportunity for the children to learn something new and to make new friends.

Wisley 10th October

We are looking forward to our visit to Wisley for our 'Stop, Look and Listen' workshop. Please remember to bring a pack lunch and a drink in a rucksack. Please check the weather forecast at the weekend and please bring a suitable jacket!

Baby Visits

It was lovely to meet baby Alice, Caspian, Toby, Elsie and Fergus. We loved learning about the babies and thinking about ourselves as 5 or 6 year olds and all the differences there are as we grow and change.
