

Just to let you know...

Year 1 20.6.14

Dear parents,

This week we sailed our pirate ship to Australia! We learnt about the animals that live there and had a go at some aboriginal art! We also planned and began making our own islands out of paper-mache. We used what we had learnt about the Australian animals in gym, moving like wombats, kangaroos and spiders! We have been filling in our pirate travel logs each week with the facts we have learnt about each country.

Have a lovely weekend.
Love Hannah, Emily and Jacob xx

Maths

This week we have been solving pirate word problems. For example, 20 pirates sail off on a journey but 8 jump off and swim away. How many pirates are left? To find the answer we have used a number line or 100 square, or counted on/back in our head. Have a go at some pirate word problems at home or write your own questions and email them to us at school so that your friends can work out the answer!

If you would like to come in and chat to Year 1 about a country outside of the UK that you might know a lot about, please let us know. The children love learning about different countries and cultures from visitors!

The Golden Boot Challenge is underway again. Don't forget to try and walk, scoot, cycle or even run to school on Fridays!
