

Just To Let You Know

Hazel & Willow

Phonics

We are continuing to work hard on writing sentences. Remembering to start from the left, using finger spaces and full stops. Can you make up any sentences using words from your key word book?

Maths

In Maths this week we are learning to add using our fingers. We will be playing lots of practical adding games and counting carefully to find the total. We will also be writing number sentences. At home try calling out a number from 1-10 and see how quickly your child can show you that number with their fingers. This is a really simple and effective way of helping your child become familiar with the shapes their hands make for different numbers and will help speed up their adding.

A huge thank you to all the Grandparents who came to the tea party on Thursday! It was such a lovely and special time. The children thoroughly enjoyed it and were fascinated by the stories, photos and items shared. Look out for more photos on the website soon!

Spring has sprung in Reception!
We are hoping to brighten up the garden and would be very grateful for any donations of plants, seeds or daffodils that you may pick up when you're shopping this weekend.
BIG THANK YOU!

Trip to The Rural Life Museum

As part of our Time Travel LEAP we are planning to take the children to The Rural Life Museum in Farnham on Monday 31st March. A letter with more details will be sent home soon. Please speak to Sian or Sarah if you would like to join us for the day and help.
